Tesla served the electrical engineering profession in its highest offices. In the early 1890s, he was elected as vice-president of the American Institute of Electrical Engineers, now the Institute of Electrical and Electronics Engineers. At the time of his election, Alexander Graham Bell was its president. Tesla served two years as vice-president of the AIEE and, a decade later, one of ...

Tesla's work at Niagara Falls and the missing papers. The article contains no mention whatsoever to Tesla's work for generating power from the Niagara Falls. It was a childhood wish that came true for him. Also, I think Tesla's missing papers should be mentioned more thoroughly. --Jambalaya 10:33, 19 August 2006 (UTC)
