Cover & Front Matter - CORE It takes the forms of cyber warfare, espionage, crime, attacks on cyber infrastructure, and exploi - tation of cyber systems. Virtually all aspects of cyber insecurity have a transnational component, affecting users of cyber systems throughout the world. Nonetheless, current U.S. efforts to deter cyberattacks and exploita - tionâ though formally advocating international cooperationâ are

Thinking about Cybersecurity: From Cyber Crime to Cyber 18.10.2016 · In his engaging account, Koppel draws on interviews with cyber and national security experts as well as the several individuals who have served as homeland security secretary, all of whom concede the likelihood of a cyberattack on the grid—and that there is no federal plan for the aftermath. The book sometimes reads like a litany of conflicting risk ...

Common Enemies: Crime, Policy and Politics in Australia 31.12.2018 · Over the last two decades, Australia and Indonesia have built a remarkable partnership in the fight against terrorism and other transnational crimes. Common Enemies: Crime, Policy, and Politics in Australia-Indonesia Relations is the first in-depth study of this partnership, examining both its successes and its failures. Drawing on over 100 interviews and ...
