Seine Großeltern versuchten, mit Fleiß und Mobilität der Armut zu entkommen und sich in der Mitte der Gesellschaft zu etablieren. Doch letztlich war alles vergeblich. J. D. Vance erzählt die Geschichte seiner Familie — eine Geschichte vom Scheitern und von der Resignation einer ganzen Bevölkerungsschicht. Armut und Chaos, Hilflosigkeit und Gewalt, Drogen und Alkohol: Genau in diesem Teufelskreis befinden sich viele weiße Arbeiterfamilien in den USA — entfremdet von der politischen Führung, abgehängt vom Rest der Gesellschaft, anfällig für populistische Parolen. Früher konnten sich die »Hillbillies«, die weißen Fabrikarbeiter, erhoffen, sich zu Wohlstand zu schuften. Doch spätestens gegen Ende des 20sten Jahrhunderts zog der Niedergang der alten Industrien ihre Familien in eine Abwärtsspirale, in der sie bis heute stecken. Vance gelingt es wie keinem anderen, diese ausweglose Situation und die Krise einer ganzen Gesellschaft eindrücklich zu schildern. Sein Buch bewegte Millionen von Lesern in den USA und erklärt nicht zuletzt den Wahlsieg eines Donald Trump.

Die Vierte Politische Theorie

Vladimir Putin's image functions as a political talisman far outside of the borders of his own country. Studying material objects, fan fiction, and digital media, Putin Kitsch in America traces the satirical uses of Putin's public persona and how he stands as a foil for other world leaders. Uncovering a wide variety of material culture - satirical, scatological, even risqué - made possible by new print-on-demand technologies, Alison Rowley argues that the internet is crucial to the creation of contemporary Putin memorabilia. She explains that these items are evidence of young people's continued interest and participation in politics, even as some experts decry what they see as the opposite. The book addresses the ways in which explicit sexual references about government officials are used as everyday political commentary in the United States. The number of such references skyrocketed during the 2016 US presidential election campaign, and turning a critical eye to Putin kitsch suggests that the phenomenon will continue when Americans next return to the polls. An examination of how the Russian president's image circulates via memes, parodies, apps, and games, Putin Kitsch in America illustrates how technological change has shaped both the kinds of kitsch being produced and the nature of political engagement today.

For the first time, the full, explosive record of the unthinkable: how a US president compromised American foreign policy in exchange for the promise of future business and covert election assistance. Looking back at this moment in history, historians will ask if Americans knew they were living through the first case of criminal conspiracy between an American presidential candidate turned commander in chief and a geopolitical enemy. The answer might be: it was hard to see the whole picture. The stories coming in from around the globe have often seemed fantastical: clandestine meetings in foreign capitals, secret recordings in a Moscow hotel, Kremlin agents infiltrating the Trump inner circle Seth Abramson has tracked every one of these far-flung reports and now, in Proof of Collusion, he finally gives us a record of the unthinkable - a president compromising American foreign policy in exchange for the promise of future business and covert election assistance. The attorney, professor and former criminal investigator has used his exacting legal mind and forensic acumen to compile, organise and analyse every piece of the Trump-Russia story. His conclusion is clear: the case for collusion is staring us in the face. Drawing from American and European news outlets, he takes readers through the Trump-Russia scandal chronologically, putting the developments in context and showing how they connect. His extraordinary march through all the public evidence includes: * How Trump worked for thirty years to expand his real estate empire into Russia even as he was rescued from bankruptcy by Putin ' s oligarchs and Kremlin agents. * How Russian intelligence gathered compromising material on him over multiple trips. * How Trump recruited Russian allies and business partners while running for president. * How he surrounded himself with advisers who engaged in clandestine negotiations with Russia. * How Trump aides and family members held secret meetings with foreign agents and lied about them. By pulling every last thread of this complicated story together, Abramson argues that - even in the absence of a Congressional investigation or a report from Special Counsel Mueller - the public record already indicates a quid pro quo between Trump and the Kremlin. The most extraordinary part of the case for collusion is that so much of it unfolded in plain sight.

Ziemlich unglaubliche Freunde – Donald Trump und die Deutsche Bank Der Suizid des Risikokapitalisten Bill Broeksmit gibt bis heute Rätsel auf. 13 1/2 Reasons Why NOT To Be A Liberal

This is the final book in the One American ' s Opinion — For Patriots Who Love Their Country Trilogy. The first book was about President Obama ' s years in office. The second book covered the first year of the Trump presidency. This final book chronicles the current state of America, the Marxist destruction of American culture, and the power and control over America they desire. The original colonists came to America to escape religious persecution, escape repression, and find better economic opportunity. If we lose America to the progressives and their Marxist based ideology, we will no longer have freedom of speech, freedom of religion, freedom from repression, or economic opportunity. Our cultural heritage, our philosophy of government, and our free market capitalist-based economy has made America the greatest civilization the world has ever known. We are in a fight for the soul of our democracy. Historically, throughout civilization, it has not been a question of whether a successful society can last forever but how long it can last. There is no society that has outlasted the test of time. The real question is when. America ' s future existence is the crucial question for this book.

Essay from the year 2019 in the subject Politics - International Politics - Topic: International relations, grade: 1.3, Rhine-Waal University of Applied Sciences (Society and Economics), language: English, abstract: This paper tries to answer the question, if populism does harm the Transatlantic Relations. In order to do so, it first sets out to give a quick definition of the term itself, before its attention to the rise of populism in European states. In a third step, economic impacts, such as the sanctions against Iran, are put against the backdrop of the aforementioned rise of populism. Finally, a quick overview over the findings concludes the essay.

Warnung aus dem Weißen Haus

David Satter arrived in the Soviet Union in June, 1976 as the correspondent of the Financial Times of London and entered a country that was a giant theater of the absurd. After 1982, he was banned from the Soviet Union but allowed back in 1990, and finally expelled in 2013 on the grounds that the secret police regarded his presence as " undesirable. " From 1976 to the present, he saw four different Russias, which differed from each other radically while remaining essentially the same. From 1976 to 1982, the Soviet Union was at the height of its world power and its people were in thrall to an absurd ideology. With the advent of Gorbachev ' s perestroika, the Soviet population was liberated from the ideology and the state hurtled to its inevitable collapse. When independent Russia emerged from the wreckage, the failure to replace the missing ideology with genuine moral values led to Russia ' s complete criminalization. The articles in this unique collection are a chronicle of Russia from the day David Satter arrived in the Soviet Union until the present. Emigres from the states of the former Soviet Union often despair of their inability to convey the true character of their experiences to the West. Penetrating the veil of Russian mystification requires effort and the ability to understand that seeing is not always believing. The Russians have created an entire false world for our benefit. This collection reflects David Satter ' s 40-year attempt to see them as they are.

Ball of Collusion

Now in an updated paperback edition, a provocative analysis—from an Orwell Prize-winning journalist—of how a new era of global instability has begun, as the flow of wealth and power moves from West to East. Easternization is the defining trend of our age—the growing wealth of Asian nations is transforming the international balance of power. This shift to the East is shaping the lives of people all over the world, the fate of nations, and the great questions of war and peace. A troubled but rising China is now challenging American supremacy; the ambitions of Japan, North Korea, India, and Pakistan have the potential to shake the whole world. Meanwhile the West is struggling with economic malaise and political populism, the Arab world is in turmoil, and Russia longs to reclaim its status as a great power. Donald Trump's accession to the presidency has significantly increased the likelihood of conflict between the United States and China, with confrontation looming over trade, Taiwan, and the South China Sea. The long-feared prospect of a war between China and America has become a real possibility. As the West's historic power and dominance recede, Gideon Rachman offers a road map to the turbulent process that will define the international politics of the twenty-first century.

Trump, die Kunst des Erfolges

From the phony Russia collusion narrative to the coordinated riots laying waste to US cities, it's the same ongoing operation orchestrated by the left and targeting not just President Trump but hundreds of millions of Americans who revere their country and what it stands for. For the first time, crusading investigative journalist Lee Smith reveals who was responsible and the never before known involvement of Barack Obama, Joe Biden, and senior military officials who engineered a coup against a sitting president. Beginning in late 2015, political operatives, intelligence officials, and the press pushed a conspiracy theory about Trump—he was a Russian asset and spied on his campaign and his presidency in order to undo an election. Because the ultimate goal of the anti-Trump operation is not simply to topple the president but rather to change the character and constitution of the country, the Deep State's machinations didn't stop even after Trump was cleared of charges of "colluding" with Moscow. Their efforts became even more fierce, more desperate, and more divisive, threatening to scar America permanently. In their zeal to bring down President Trump, Deep State conspirators had unwittingly revealed the origins of the anti-Trump operation and exposed corruption at the very highest levels of the Democratic party—including former Vice President Biden and his boss, Barack Obama. Lee Smith brings to this story the same incisive reporting and commentary that distinguished his runaway bestseller, *The Plot Against the President*. His investigation, identifying crimes and abuses committed by senior US officials, was later confirmed by a major Department of Justice report. For *The Permanent Coup*, Smith again enjoys unrivaled and exclusive access to the main players defending America and uncovering Deep State crimes—including Congressman Devin Nunes and the president's personal lawyer, Rudy Giuliani.

The Final Chapter One American 's Opinion

In 2016, like many millions of Americans, I had voted for Hillary Clinton to become our 45th president. And, like many millions of Americans, I assumed that there was no way that Donald Trump could beat her. In 2008 Trump wrote, "I know Hillary and I think she'd make a great president." During the 2016 presidential campaign he said, "She has to go to jail." If it were not for our peculiar and archaic Electoral College—plus last-minute interference from FBI Director James Comey just when Clinton's favorable poll ratings were moving up, and sabotage by Russia—Clinton would have become president. Trump frequently boasted about his "landslide" victory. In truth, his electoral win was no landslide at all. In the popular vote Clinton won by about 2.9 million votes—a margin of 2.1%. That's higher than the victories won by JFK, George W. Bush, Nixon and other recent American presidents. Jerome Kowalski, an attorney who has known Trump for more than 30 years, said, "Michael N. Marcus's powerful book is nothing short of a detailed bill of particulars of the evil Trump presents and why his reign of terror must be stopped."

Donald J. Trump: Great again!

What's Wrong With Trump?

In *Rogue Spooks*, bestselling authors Dick Morris and Eileen McGann uncover the facts behind allegations of foreign meddling in the 2016 presidential election. This groundbreaking exposé will leave readers questioning the motives of U.S. Intelligence agencies, leftover partisans within our government, and members of the mainstream press. Donald Trump's first 100 days in office were roiled by allegations of treasonous contacts between his campaign team and the Kremlin to rig the election. These outrageous charges first surfaced in the notorious "Trump Dossier," an unverified document of suspect provenance, full of wild and salacious accusations. This dossier—filled with little more than gossip, rumor, and innuendo—was compiled by Christopher Steele, a former British intelligence operative who teamed up with the FBI and anti-Trump partisans. Hillary Clinton supporters paid for Steele's work. When no news media would publish the unverified dossier, the ex-spook enlisted the help of a former UK ambassador to Russia, who arranged in turn for a former U.S. Assistant Secretary of State to get the document to Senator John McCain, in the hope that he would then bring it to FBI Director James Comey's attention. McCain did just that. Comey himself played a critical role in the dossier ultimately going public, giving a confidential summary to President Obama and Congressional leaders. It was immediately leaked by rogue spooks in order to demean, destabilize, and destroy Donald Trump's nascent presidency. The dossier and this mythical intelligence are the basis for the phony claims about a Russia/Trump collusion to steal the election. No proof was found. No substantiation uncovered. Even Comey told Trump he was not under investigation for the Russian meddling charges. But that didn't end the leaks or the allegations. Working in concert with liberal news outlets, these rogue spooks have formed a new intel/media complex that threatens our democracy. *Rogue Spooks* will reveal how it works. Readers will be shocked to learn the truth about the false accusations against President Trump in the flawed dossier. They'll be interested to know how leaks to the media fueled the phony scandal, and how intelligence agencies will try to use the newly appointed special prosecutor to oust President Trump. They will also learn what we can do—specifically—to stop them.

THE DEFINITIVE GUIDE TO WINNING AN ARGUMENT WITH A LIBERAL. "Antifa leftists may still burn this book, but more than a few center-left individuals will read *13 1/2 Reasons Why NOT to Be a Liberal* and develop a new respectful understanding of conservatism." — Dinesh D'Souza "A must-read for those determined to defeat the unhinged left." — Roger Stone Although conservatives outnumber liberals in 44 out of 50 states, it's a situation conservatives know very well in today's contentious political environment: Conservatives often find themselves in discussions with liberals who relentlessly hammer conservatives with insults, accusations, and unfounded assumptions about conservatism. The question is: WHAT IS A PROUD & INFORMED CONSERVATIVE TO DO?!?! The answer is: *13 1/2 Reasons Why NOT to Be a Liberal: And How To Enlighten Others*, the conservative playbook to persuasive facts and arguments that detail the policies, accomplishments, and often-ignored compassionate nature of the conservative philosophy. Presented in an easy-to-access format, Judd Dunning's ideological treatise will empower readers not only to hold their own in an argument with a liberal, but also to change hearts and minds, or at worst, preserve a few more mutually respectful relationships with more ease, clarity, and dignity. Both a current and timeless conservative philosophical and argumentative manifesto made for conservative, right-leaning, independent, libertarian or "on the fence" Americans who are both passionate about politics and love being Americans. If you can't achieve a win-win civil discussion with a liberal, at least you can use *13 1/2 Reasons Why NOT to Be a Liberal* to land some clear, intelligent blows. You will no longer serve as a liberal's doormat. You can maintain your pride and then move on to someone who really wants to both talk and listen. A "Freethinker"... probably a conservative!

Trump: Der Weg nach oben

This book is not simply a retrospective of the Trump presidency. It is a warning; a dire warning. Trump is preparing to run again in 2024. His base is intact and he is maintaining a very vocal and physical presence in the media. HE IS A THREAT and HE CAN WIN AGAIN His actions and words are part of a carefully planned strategy to incite the disaffected, the dispossessed, the haters, the White supremacists, to start a movement that will lead to anarchy. Our lax behavior is the antithesis of what our forefathers said was the obligation of citizens: to keep track of the policy of our elected leaders. Donald's heroes are brutal dictators: Recep Erdogan of Turkey; Viktor Orban of Hungary; Jair Bolsonaro of Brazil; Alexander Lukashenko of Belarus; Vladimir Putin in Russia; Kim Jong-un of North Korea. Trump is a sadist. The definition of a sadist is one who enjoys the suffering of others. But a true sadist is one who needs to be the cause of the suffering, for that is the ultimate source of satisfaction for these men. You will only have yourselves to blame when you finally realize you are living in a dictatorship and all the rights and freedoms you once assumed were sacrosanct have been forever taken away. It is imperative for every concerned American to read this book and demand that any Trump supporter read it as well. For those who depend on Fox News, consider the words of their former commentator, Shepard Smith before he left his \$15 million dollar job. "Facts matter. Truth matters." * * * Jeffrey Weiss is a political scientist, activist and investigative journalist who has been researching Donald Trump from the time he was 6 years old and marched with his father at a KKK rally.

Never Speak to Strangers and other writing from Russia and the Soviet Union

The real collusion in the 2016 election was not between the Trump campaign and the Kremlin. It was between the Clinton campaign and the Obama administration. The media-Democrat " collusion narrative, " which paints Donald Trump as cat ' s paw of Russia, is a studiously crafted illusion. Despite Clinton ' s commanding lead in the polls, hyper-partisan intelligence officials decided they needed an " insurance policy " against a Trump presidency. Thus was born the collusion narrative, built on an anonymously sourced " dossier, " secretly underwritten by the Clinton campaign and compiled by a former British spy. Though acknowledged to be " salacious and unverified " at the FBI ' s highest level, the dossier was used to build a counterintelligence investigation against Trump ' s campaign. Miraculously, Trump won anyway. But his political opponents refused to accept the voters ' decision. Their collusion narrative was now peddled relentlessly by political operatives, intelligence agents, Justice Department officials, and media ideologues—the vanguard of the " Trump Resistance. " Through secret surveillance, high-level intelligence leaking, and tireless news coverage, the public was led to believe that Trump conspired with Russia to steal the election. Not one to sit passively through an onslaught, President Trump fought back in his tumultuous way. Matters came to a head when he fired his FBI director, who had given explosive House testimony suggesting the president was a criminal suspect, despite privately assuring Trump otherwise. The resulting firestorm of partisan protest cowed the Justice Department to appoint a special counsel, whose seemingly limitless investigation bedeviled the administration for two years. Yet as months passed, concrete evidence of collusion failed to materialize. Was the collusion narrative an elaborate fraud? And if so, choreographed by whom? Against media-Democrat caterwauling, a doughty group of lawmakers forced a shift in the spotlight from Trump to his investigators and accusers. This has exposed the depth of politicization within American law-enforcement and intelligence agencies. It is now clear that the institutions on which our nation depends for objective policing and clear-eyed analysis injected themselves scandalously into the divisive politics of the 2016 election. They failed to forge a new Clinton administration. Will they succeed in bringing down President Trump?

Russian Intervention in the US Presidential Elections

The original book story line intended to dispel comments made by Hillary Clinton during the election campaign when she said, " Half of Trump supporters are deplorableirredeemable. " As the author researched material to refute Hillary ' s remarks, he discovered multiple examples of intentionally misleading statements by the United States government. Those misleading statements by both the government and the mainstream media in turn created false concepts that were force fed to the American public. The book concentrates on the " big picture " of four cataclysmic events: the murder of JFK, Benghazi, 9/11, and the alleged Russian Hoax. While researching those four diabolical events, amazingly the author discovered an even more sinister plan that could lead to the destruction of America as America exists today. Uncovering a " smoking gun " document, the author felt compelled to expose the awful truths every American must know. It is the author ' s hope this book will awaken and inspire Americans to engage politically to save the republic and the American Dream.

Rogue Spooks

The United States and Soviet Union signed the Intermediate-Range Nuclear Forces (INF) Treaty in December 1987. Negotiations on this treaty were the result of a "dual-track" decision taken by NATO in 1979. At that time, in response to concerns about the Soviet Union's deployment of new intermediate-range nuclear missiles, NATO agreed both to accept deployment of new U.S. intermediate-range ballistic and cruise missiles and to support U.S. efforts to negotiate with the Soviet Union to limit these missiles. In the INF Treaty, the United States and Soviet Union agreed that they would ban all land-based ballistic and cruise missiles with ranges between 500 and 5,500 kilometers. The ban would apply to missiles with nuclear or conventional warheads, but would not apply to sea-based or air-delivered missiles. The U.S. State Department, in the 2014, 2015, 2016, 2017, and 2018 editions of its report Adherence to and Compliance with Arms Control, Nonproliferation, and Disarmament Agreements and Commitments, stated that the United States has determined that "the Russian Federation is in violation of its obligations under the [1987 Intermediate-range Nuclear Forces] INF Treaty not to possess, produce, or flight-test a ground-launched cruise missile (GLCM) with a range capability of 500 km to 5,500 km, or to possess or produce launchers of such missiles." In the 2016 report, it noted that "the cruise missile developed by Russia meets the INF Treaty definition of a ground-launched cruise missile with a range capability of 500 km to 5,500 km, and as such, all missiles of that type, and all launchers of the type used or tested to launch such a missile, are prohibited under the provisions of the INF Treaty." In late 2017, the United States released the Russian designator for the missile-9M729. The United States has also noted that Russia has deployed several battalions with the missile. In late 2018, the Office of the Director for National Intelligence provided further details on the violation. The Obama Administration raised its concerns about Russian compliance with the INF Treaty in a number of meetings since 2013. These meetings made little progress because Russia continued to deny that it had violated the treaty. In October 2016, the United States called a meeting of the Special Verification Commission, which was established by the INF Treaty to address compliance concerns. During this meeting, in mid-November, both sides raised their concerns, but they failed to make any progress in resolving them. A second SVC meeting was held in December 2017. The United States has also begun to consider a number of military responses, which might include new land-based INF-range systems or new sea-launched cruise missiles, both to provide Russia with an incentive to reach a resolution and to provide the United States with options for future programs if Russia eventually deploys new missiles and the treaty regime collapses. It might also suspend or withdraw from arms control agreements, although several analysts have noted that this might harm U.S. security interests, as it would remove all constraints on Russia's nuclear forces. The Trump Administration conducted an extensive review of the INF Treaty during 2017 to assess the potential security implications of Russia's violation and to determine how the United States would respond going forward. On December 8, 2017-the 30th anniversary of the date when the treaty was signed-the Administration announced that the United States would implement an integrated response that included diplomatic, military, and economic measures. On October 20, 2018, President Trump announced that the United States would withdraw from INF, citing Russia's noncompliance as a key factor in that decision. NOTE: This study concluded just before the formal announcement of United States withdrawal pronounced on February 1, 2019, but predicted the withdrawal announcement.

Mit "Der Crash kommt", gelang Max Otte eines der erfolgreichsten deutschen Wirtschaftsbücher überhaupt. Fast eine halbe Million verkaufter Exemplare machten Otte zum "erfolgreichsten deutschen Crash-Guru aller Zeiten" (Daniel Stelter). Mehr als 13 Jahre später erscheint nun der Nachfolger des Bestsellers: "Weltsystemcrash". Otte hatte damals als einer der wenigen die Finanzkrise präzise vorhergesagt. Auch in seinem neuen Buch scheut er sich nicht, die mittlerweile noch größeren Risiken und Probleme beim Namen zu nennen: Der Schuldenstand der Welt ist durch diverse Banken- und Eurorettungsaktionen auf den höchsten Stand aller Zeiten gestiegen. Der Niedergang der USA verbunden mit einem Aufstieg Chinas und der Ohnmacht Europas bedeuten womöglich fatale Konsequenzen für uns alle. Zunehmende Überwachung, eine neue Ära des Populismus, Fake News und eine verfahrenere Migrationspolitik spalten die westlichen Gesellschaften. Otte zeigt, wie all diese Puzzelstücke zusammenhängen und wie jeder Einzelne mit dieser vollkommen neuen Weltordnung umgehen kann. Und wie schon vor 13 Jahren schließt er mit einer eindringlichen Warnung: Es ist wichtiger denn je, Vorsorge zu treffen – ehe es zu spät ist.

魂のすごい力の引き出し方【高次元への上昇】編（KKロングセラーズ）

Alle politischen Systeme der Moderne sind die Ergebnisse dreier unterschiedlicher Ideologien: Die erste und älteste ist die liberale Demokratie, die zweite ist der Marxismus und die dritte ist der Faschismus. Die zwei letzteren sind längst gescheitert und aus der Geschichte ausgeschieden; die erstere fungiert nicht mehr als Ideologie, sondern als etwas Selbstverständliches. Die Welt befindet sich heute am Rand einer postpolitischen Realität, in der die Werte des Liberalismus so tief eingewurzelt sind, daß sich der Durchschnittsmensch der Wirkung einer Ideologie in seiner Umwelt gar nicht bewußt ist. So droht der Liberalismus den politischen Diskurs zu monopolisieren, die Welt mit einer universalistischen Gleichheit zu überschwemmen und alles zu vernichten, was die verschiedenen Kulturen und Völker einzigartig macht. Laut Alexander Dugin bedarf es, um diesem Schicksal zu entgehen, einer vierten Ideologie, welche in den Scherben der ersten drei nach etwaigen brauchbaren Elementen sucht, doch selbst innovativ und einzigartig bleibt. Dugin bietet für diese neue Theorie nicht Punkt für Punkt ein Programm, sondern zeichnet in Umrissen den Rahmen, in dem sie sich entwickeln könnte und die Thematik, die sie behandeln muß. Die Vierte Politische Theorie soll die Mittel und Begriffe der Moderne gegen sie anwenden, um gegenüber der Kommerzialisierung eine Rückkehr der kulturellen Vielfalt, der traditionellen Weltanschauungen aller Völker der Welt zu zeitigen - und das in einem völlig neuen Kontext. Geschrieben von einem Wissenschaftler, der die Ausrichtung heutiger russischer Geopolitik aktiv beeinflusst, ist Die Vierte Politische Theorie eine Einführung in eine Idee, die die politische Zukunft der Welt verändern könnte.

Zieht "The Donald" ins Weiße Haus? Für seine Fans verheißt er die Rückkehr goldener Zeiten. Für seine Gegner ist er wahrweise ein Lügner, ein Großmaul, ein Demagoge, ein Rassist oder vieles mehr. Ganz egal, wie man zu ihm steht – der Immobilien-Tycoon ist dem mächtigsten Amt der Welt bereits näher gekommen, als alle es für möglich gehalten hätten. Zeit also, sich zumindest einmal mit seinen Ansichten vertraut zu machen. Diese finden sich in seinem aktuellen Buch, in dem er, wen wundert's, darlegt, wie er sein gesundes Land wieder zu alter Größe führen kann. Ein Buch das polarisieren wird. Ein Buch, das man gelesen haben sollte, um über die Person Donald Trump mitreden zu können.

Weltsystemcrash

Es ist das Buch, das die Präsidentschaft von Donald Trump erschüttert: Michael Wolfs «Feuer und Zorn» ist ein eindrucksvolles Sittengemälde der amerikanischen Politik unter Trump. Im Mittelpunkt ein Präsident, den seine Mitarbeiter wie ein kleines Kind behandeln und der umgeben ist von Inkompetenz, Intrigen und Verrat. Der Bestsellerautor Wolff beschreibt das Chaos, das in den ersten Monaten im Weißen Haus geherrscht hat, er enthüllt, wie nah die Russland-Verbindung an Trump herangerückt ist und wie es zum Rauswurf des FBI-Chefs James Comey kam. Und er liefert erstaunliche Details über das Privatleben dieses Präsidenten. Über zweihundert Interviews hat Wolff mit den engsten Mitarbeitern des US-Präsidenten geführt, darunter auch der ehemalige Chef-Berater Stephen Bannon: Noch nie ist es einem Journalisten gelungen, das Geschehen im Weißen Haus so genau nachzuzeichnen. Herausgekommen ist das einzigartige Porträt eines Präsidenten, der selbst nie damit gerechnet hat, die Wahl zu gewinnen. Michael Wolfs Bericht aus dem Weißen Haus unter Trump ist in den USA ein Bestseller: ein aktuelles politisches Buch, das sich wie ein Königsdrama von Shakespeare liest.

Größer als das Amt

*The indictment filed by the United States Justice Department on February 16, 2018 against 13 Russian citizens and three Russian companies regarding attempts to promote the candidacy of Donald Trump for the US presidency, amounting to intervention in the country's political system, is a phenomenon enabling interference in the

"consciousness" of another country, in the form of "cognitive subversion." Cognitive subversion exploits one of the basic principles of democracy, freedom of speech, particularly when social networks enable opportunistic elements to spread "fake news" (disinformation) and silence positive public debate by deceiving the public. Israel requires a national cognitive strategy, with an emphasis on the defensive aspect, to be expressed in legislation, budgets, and definition of areas of responsibility for new or existing entities. In addition, civil society must be harnessed to deal with this new threat. These measures should be taken while balancing the need to protect public discourse and the need to preserve freedom of expression and individual liberties."

This book provides a newer definition of political scandal and applies it in a way to remove "ordinary corruption" from the discussion. It then defines pop culture and examines how scandal and pop culture interact. The discussion addresses the question: when does a scandal actually enter into our pop culture. The mechanisms or vehicles by which this occurs include editorial cartoons, Broadway shows, music, movies, television, and more. The first chapter lays out the two main definitions and gives a bit of historical background to the discussion that follows. Chapters 2 through 8 deal with scandals from Watergate to the Trump Administration and from presidents to members of Congress and governors. Chapter 9 ties all of the previous discussion together and makes an assessment of the contemporary state of scandal and pop culture. This book works well as a supplement in a course on American Government, in American Studies, and is aimed at a wide range of readers from college freshmen to more advanced scholars and political junkies.
