And Now Ethics 2.0: An Argument For More Self-Governance Rainmaker Systems operates within the bounds of the laws, rules, and regulations that are relevant to our business. The rule of law is fundamental to civil society, to the democratic process, and to the conduct of business in a dynamic global marketplace. However, today's market demands that companies meet higher standards—simply obeying the law is not ...

Ethical Business Practice And Regulation A Behavioural And Ethical governance in business is more than 'regulatory compliance'. It is not rule-based but value-based. Human values are ingrained in virtues which, being difficult to measure, quantify and monitor. 'Principle-centred' corporate guidelines are encouraged to replace 'rule-based' ones. Values are learnt from childhood, not taught, from various contacts a person experiences, ...
