Everything's eventual It: Chapter Two—now a major motion picture! Stephen King's terrifying, classic #1 New York Times bestseller, "a landmark in American literature" (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It's a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including Bag of Bones, Hearts in Atlantis, and 11/22/63. But it all starts with It. "Stephen

King's most mature work" (St. Petersburg Times), "It will overwhelm you...to be read in a well-lit room only" (Los Angeles Times).

Dead As Soon As Born

Duma Key Berühmt wurde er durch seine kultigen Dilbert-Comics und -Bücher, die den Wahnsinn im Büroalltag pointiert auf die Schippe nehmen und treffend skizzieren. Doch wie kam Scott Adams auf seinen Stoff, seine Geschichten und seine Figuren? Und wie konnte er mit einem mundlosen Cartoon-Helden so erfolgreich werden? Die Antworten liegen in seiner eigenen Lebensauffassung, die er hier schildert. Und so beschreibt Adams mit dem für ihn typischen Humor, worin er überall gescheitert ist und welche Lehre er für sich daraus zog: Ziele sind etwas für Versager und nur Systeme machen einen zum Sieger. Ein Beispiel: Abnehmen zu wollen, ist ein Ziel. Aber sich gesünder zu ernähren, ist ein System. Diese und viele andere Einsichten führten Adams über viele spannende Umwege letztendlich zu seinem Welterfolg. Eine vergnügliche Geschichte über eine ungewöhnliche Laufbahn - nicht nur für Dilbert-Fans ein Muss, sondern für jeden, der herausfinden möchte, wie auch ein Versager erfolgreich sein kann!

Im Kabinett des Todes Magill's Literary Annual, 2003, is the fiftieth publication in a series that began in 1954. The philosophy behind the annual has been to evaluate critically 200 major examples of serious literature published during the previous year. Our focus is to provide coverage for works that are likely to be of particular interest to the general reader, that reflect the publishing trends of a given year, that add to careers of authors being taught and researched in literature programs, and that will stand the test of time. By filtering the thousands of books published each year down to two hundred notable titles, the editors have provided the busy librarian with an excellent reader's advisory tool and patrons with fodder for book discussion groups and a guide for selection. The essay-reviews in the Annual also provide a more academic, "reference" review of a work than is typically found in newspapers and other periodical sources. This year's works are drawn from such categories as anthropology, autobiography, biography, current affairs, diaries, economics, environment, essays, history, language, literary criticism, medicine, memoirs, nature, philosophy, poetry, psychology, religion, science, short fiction, sociology, technology, travel, and women's issues. The articles are arranged alphabetically by book title. A complete list of included titles can be found at the beginning of volume 1. Each 2,000-word article begins with a block of top matter that indicates the title, author, publisher, and price of the work. When possible, the year of the author's birth is also provided. The top matter also includes the number of pages of the book, the type of work, and, when appropriate, the time period and locale represented in the text. Next comes a capsule description of the work. When pertinent, a list of principal characters or personages, with brief descriptions, introduces the review. These original essay-reviews analyze intent and relative success of the author and the work under discussion. To assist the reader further, the articles are supplemented by a list of additional reviews for further study. Every essay includes a brief biography of the author or authors, and thumbnail photographs of the book covers and authors are included as available. At the end of volume 2 are four cumulative indexes listing works covered from the years 1977 to 2003: an index of Biographical Works by Subject, a Category Index, a Title Index, and an Author Index. The index of Biographical Works by Subject is arranged by subject rather than by author or title.
