Excel checks each cell in the range to determine whether the condition you specified, i.e., total sales of the person \geq \$2500 is satisfied. Excel applies the format you chose, i.e. the green color to all the cells that satisfy the condition. If the content of a cell does not satisfy the condition, the formatting of the cell remains Third is cus tomer m ind-set Articles were analysed based on components of a research paper and the data was tabulated using MS Excel. Results: Only eight papers (0.011% of all the papers Now in its fifteenth edition, Principles of Managerial Finance continues to help students develop a variety of skills—Excel modeling, ethical reasoning, and critical thinking—to succeed in a rapidly changing financial and managerial environment.
