All in an easy-to-understand format complete with screenshots and straightforward instructions, The Companion Guide to Family Tree Maker 2011 is your complete guide to creating a family history you and your family will treasure for years to come.

Family Tree Maker is a program that allows users to input their family information and produce a variety of charts, reports, and customizable family history books. Entered data can be used to create web pages and saved in a format that can be shared with anyone who has a GEDCOM compliant genealogy program. Family Tree Maker has the largest Internet genealogy community in the world and provides access to over 1 billion names. Plus, the unique FamilyFinder Index actually helps guide you where to look for them.

Ancestry magazine focuses on genealogy for today's family historian, with tips for using Ancestry.com, advice from family history experts, and success stories from genealogists across the globe. Regular features include "Found!" by Megan Smolenyak, reader-submitted heritage recipes, Howard Wolinsky's tech-driven "NextGen," feature articles, a timeline, how-to tips for Family Tree Maker, and insider insight to new tools and records at Ancestry.com. Ancestry magazine is published 6 times yearly by Ancestry Inc., parent company of Ancestry.com.

Do you rummage through your grandmother's attic for pictures of old relatives? Have you ever wondered where your family came from? Would you like to know if you and someone famous share a common great-great grandparent? If you've answered yes to any of these questions you might be an amateur genealogist without even knowing it! Genealogical programs like Family Tree Maker are widely available and do not require any special training to use. That's right -- with a PC, a computer program, and an interest in discovering your roots you can begin tracing your family's history from its early years to today. Along the way you just might visit exotic lands, meet famous relatives, or dabble in a foreign language! Family Tree Maker For Dummies is your guide to getting the most out of today's most popular genealogy software on the market. Begin by investigating the many features Family Tree Maker offers all budding genealogists. Find out what you need to get underway and how to start recording data you have

collected. The book helps you create an investigation strategy that taps into close (and distant) relatives, high-tech resources, and other genealogists from around the world! You can also explore options for presenting your completed family tree, from including photos and video in the final product to making copies for relatives. Family Tree Maker For Dummies makes preserving vital family records a fun and rewarding experience.

Explains how to use the software program to organize family history information, and offers advice on ancestry research.

This book is your complete guide to using the software to create a family history that you and your family will treasure for years to come. This informative guide will teach you how to get started by entering what you know by simply filling in the names of your family. Then, with its advanced features, you can search CD-ROM databases and the Internet for more ancestors. You'll also learn how to share your family tree and instantly create a variety of trees, reports, and more with a click of your mouse. Your family and friends will be delighted!

Explains how to use the software program to organize family history information, and offers advice on ancestry research.

The process of exploring your family history and roots is a moving and meaningful quest. It affects heart and soul, as well as providing an intellectual challenge to piece all the information together. GROWING YOUR FAMILY TREE is the first book to promote the experiential aspects of family history. It gives sound, practical advice on researching your family history, but also promotes the emotional, spiritual and creative elements of the task, helping to lift genealogy out of its earlier dry and formal setting, into a more meaningful and accessible activity which can enrich a person's identity. Advice and information includes: \* How to write up your family history \* How to make a heritage corner or trail in your home \* A consideration the nature of ancestry, family lines and our inner connection with our ancestors \* How to organise your research and keep moving forward
