EPA-600/7

Selected Water Resources Abstracts

Energy Research Abstracts

Monthly Catalogue, United States Public Documents

Information Circular

Each volume deals with a specific region within OSM.

A Handbook for Meeting Fish and Wildlife Information Needs to Surface Mine Coal

Bibliography of Surface-mine Reclamation Research

SME Mining Reference Handbook

Study Guide for Surface Mine Foreman Certification

A Guide to Wood Duck Production Habitat Requirements

General Technical Report RM.

Mine Drainage and Surface Mine Reclamation: Mine reclamation, abandoned mine lands, and policy issues

Surface Mining Control and Reclamation Act of 1974

Chemically Enhanced Drilling

Mountaintop Mining/valley Fills in Appalachia

Best Current Practices for Fish and Wildlife on Surface-mined Land in the Northern Appalachian Coal Region

Fossil Energy Update

Literature on the Revegetation of Coal-mined Lands

Coal Surface Mining Reclamation and Fish and Wildlife Relationships in the Eastern United States

A practical field reference for mining and mineral engineers that is small enough to carry into the field. With its comprehensive store of charts, graphs, tables, equations, and rules of thumb, this handbook is the essential technical reference for mobile mining professionals.

Notes on Sedimentation Activities

Soil Characterization and Soil Amendment Use on Coal Surface Mine Lands

Research Accomplishments

Bibliography on Mined-land Reclamation

ERDA Energy Research Abstracts

Surface Mining Reclamation

Mine Planning and Equipment Selection in Surface Mining

Plant Life of Kentucky

Forest Service Research Accomplishments

Surface Mining

Mine Drainage and Surface Mine Reclamation

Inventory of energy research and development--1973-1975

Monthly Catalog of United States Government Publications

Rural Abandoned Mine Program

Surface Mining Reclamation

Monthly Catalog of United States Government Publications, Cumulative Index

Considers. S. 3126 and S. 3132, to provide for closer Federal-state relations with respect to surface mining operations and to provide for regulation of surface and strip mining for the conservation, acquisition, and reclamation of surface and strip mined areas. S. 217, to authorize the Interior Dept to designate an officer to establish, coordinate, and administer the reclamation, acquisition, and conservation of lands and water adversely affected by coal mining operations. S. 2934, to make more uniform the rate of tax imposed by states on the severance of minerals.

Big South Fork National River and Recreation Area (TN,KY)

A Cost Comparison of Selected U.S. and Indonesian Coal Mines

ERDA Energy Research Abstracts

Plant Life of Kentucky is the first comprehensive guide to all the ferns, flowering herbs, and woody plants of the state. This long-awaited work provides identification keys for Kentucky's 2,600 native and naturalized vascular plants, with notes on wildlife/human uses, poisonous plants, and medicinal herbs. The common name, flowering period, habitat, distribution, rarity, and wetland status are given for each species, and about 80 percent are illustrated with line drawings. The inclusion of 250 additional species from outside the state (these species are "to be expected" in Kentucky) broadens the regional coverage, and most plants occurring from northern Alabama to southern Ohio to the Mississippi River (an area of wide similarity in flora) are examined, including nearly all the plants of western and central Tennessee. The author also describes prehistoric and historical changes in the flora, natural regions and plant communities, significant botanists, current threats to plant life, and a plan for future studies. Plant Life of Kentucky is intended as a research tool for professionals in biology and related fields, and as a resource for students, amateur naturalists, and others interested in understanding and preserving our rich botanical heritage.
