The Complete Reference Manual CMAT 2022 A place of spectacle and ruin, Mumbai exemplifies the cosmopolitan metropolis. It is not just a big city but also a soaring vision of modern urban life. Millions from India and beyond, of different ethnicities, languages, and religions, have washed up on its shores, bringing with them their desires and ambitions. Mumbai Fables explores the mythic inner life of this legendary city as seen by its inhabitants, journalists, planners, writers, artists, filmmakers, and political activists. In this remarkable cultural history of one of the world's most important urban centers, Gyan Prakash unearths the stories behind its fabulous history, viewing Mumbai through its turning points and kaleidoscopic ideas, comic book heroes, and famous scandals--the history behind Mumbai's stories of opportunity and oppression, of fabulous wealth and grinding poverty, of cosmopolitan desires and nativist energies. Starting from the catastrophic floods and terrorist attacks of recent years, Prakash reaches back to the sixteenth-century Portuguese conquest to reveal the stories behind Mumbai's historic journey. Examining Mumbai's role as a symbol of opportunity and reinvention, he looks at its nineteenth-century development under British rule and its twentieth-century emergence as a fabled city on the sea. Different layers of urban experience come to light as he recounts the narratives of the Nanavati murder trial and the rise and fall of the tabloid Blitz, and Mumbai's transformation from the red city of trade unions and communists into the saffron city of Hindu nationalist Shiv Sena. Starry-eyed planners and elite visionaries, cynical leaders and violent politicians of the street, land sharks and underworld dons jostle with ordinary citizens and poor immigrants as the city copes with the dashed dreams of postcolonial urban life and lurches into the seductions of globalization. Shedding light on the city's past and present, Mumbai Fables offers an unparalleled look at this extraordinary metropolis.

Original Sanskrit Texts on the Origin and History of the People of India, Their Religions and Institutions Explains the Hindi novel's role in anticipating and creating the story of middle-class modernity and modernization in North India. Vasudha Dalmia offers a panoramic view of the intellectual and cultural life of North India over a century, from the aftermath of the 1857 uprising to the end of the Nehruvian era. The North's historical cities, rooted in an Indo-Persianate culture, began changing more slowly than the Presidency towns founded by the British. Dalmia takes up eight canonical Hindi novels set in six of these cities—Agra, Allahabad, Banaras, Delhi, Lahore, and Lucknow—to trace a literary history of domestic and political cataclysms. Her exploration of the emerging Hindu middle classes, changing personal and professional ambitions, and new notions of married life provides a vivid sense of urban modernity. She argues that the radical social transformations associated with post-1857 urban restructuring, and the political flux resulting from social reform, Gandhian nationalism, communalism, Partition, and the Cold War shaped the realm of the intimate as much as the public sphere. Love and friendship, notions of privacy, attitudes to women's work, and relationships within households are among the book's major themes. Vasudha Dalmia is Professor Emerita of Hindi and Modern South Asian Studies at the University of California, Berkeley. She has written, edited, and translated many books, including *Hindu Pasts: Women, Religion, Histories*, also published by SUNY Press; *The Nationalization of Hindu Traditions: Bhāratendu Hariśchandra and Nineteenth-Century Banaras*; and *Poetics, Plays, and Performances: The Politics of Modern Indian Theatre*.
