Hite's questions differed from Kinsey's, focusing more on how women identified, or what they preferred rather than experience. Respondents to Hite's questions indicated that 8% preferred sex with women and 9% answered that they identified as bisexual or had sexual experiences with men and women, though they refused to indicate preference.

22.10.2006 · But Mark Antony, treating with contempt Augustus's descent even by the mother's side, says that his great grand-father was of African descent, and at one time kept a perfumer's shop, and at another, a bake-house, in Aricia. And Cassius of Parma, in a letter, taxes Augustus with being the son not only of a baker, but a usurer. These are his words: "Thou art a lump of ...
